

Marist College Canberra BASKETBALL

What we expect of coaches

The MBC is committed to developing the knowledge and experience of our coaches. It aims to have all Coaches complete a Level 1 Coaching Certificate and encourage senior players to coach junior teams as part of a contribution their personal development and the Marist basketball community.

We ask all coaches to:

- Commit to teaching age appropriate basketball skills;
- Commit to a team based ethos providing an opportunity for all players to develop their skills; and
- To ensuring that all players play the game in the right spirit and according to the rules of basketball.

The Club recognises that Coaches of teams in Premier competitions are operating in a competitive environment where all involved have a commitment to excellence. In these instances some players may not receive equal playing opportunities, particularly those placed in a team for development purposes.
